

Master of Science, Bioelectronics
Department of Electrical and Computer Engineering
Fall 2008

As per the announcements of NJIT's new programs, the Bioelectronics programs at ECE Departments nationally and world-wide are:

- Vanderbilt University
- University of Washington
- University of Zurich
- Imperial College
- University of Leeds
- University of Cincinnati and
- University of Illinois at Urbana-Champaign

Journals

NJIT Library subscribes to two major journals in this field in digital format:

- Biosensors and Bioelectronics
- IEEE Transactions on Biomedical Engineering

Databases

There are three major databases that the library currently subscribes to that are sufficient for this program:

- IEEE Xplore
- Scopus
- Science Direct

Books

The library already has a very good collection in this area and the associated interdisciplines to support this program.
